Enriching Communities

Open House!
Nov 4th 2006

Early Days

Jackie Chavers

What date did this all begin? The vision I have is a house of hope and restoration to provide hope where there is hopelessness and to restore men in Christ as men of God.

Grand Opening

November 4th, 2006

Come to see the newly repainted home and repaired woodwork. The yard is being cleared up and landscaped. We hope to clean out the pond. Replace the windows. Food and fun BBQ to celebrate our community. November 4th at ??? pm children's activities, meal, and building tour.

The Men's Shelter

Center of change for our community

Through establishing a foundation of the gospel, I pray the men that come through here will be able to withstand the storms of life. Building relationships. To build value in men and the community. To enrich community by care ministries. Hope in our words, help in our hands.

House of recovery and restoration
